Brittany S. Kalinowski, MS, CCC-SLP received her Master of Science Degree in Speech Language Pathology from the University of Washington in Seattle, WA. Her clinical focus has been to provide individualized speech and language consultation, evaluation and treatment services based on current research and the specific needs of the client, family, and community. An emphasis is placed on improving communicative independence, fostering a strong sense of self, and developing social relationships through communication.

Brittany has experience with pediatric and adult populations across a variety of settings including preschools, K-12 schools, outpatient clinics, local agencies, community settings and in-home services. She specializes in bilingual assessment and therapy (Spanish), dyspraxia, language disorders, social communication delays, and stuttering/fluency disorders. Her speech and language clinic, the Monterey Bay Social Language Center, is located at 200 Camino Aguajito Suite 205 in Monterey, CA. MBSLC offers Social Language Groups for children with social communication deficits and provides speech and language evaluation and therapeutic services to children and adults across the following specialty areas:

Autism Spectrum Disorders

Bilingual assessments and therapy (Spanish)

Comprehensive Speech and Language Assessments

Dyspraxia and other Speech Disorders (Articulation and Phonological)
